This report covers northwest Syria region for the period from 01/06/2023 to 30/06/2023. Data was collected from 845 accessible communities in both Idleb and northern Aleppo governorates through KIs. The data was collected by 2 KIs in 447 communities and 3 KIs in 398 communities.

Disclaimer:
1. Displacements in north-west Syria (NWS) is highly fluid; IDP figures are rapidly changing due to dynamic environment and movements between sites and communities. CCCM will continue updating figures monthly.
2. Returnees: refer to internal IDP movements from displacement sites to their homes or habitual residences in NWS.

**Camps Population**

1.965 M

Number of IDP population in IDP sites registered in ISIMM

**Recent Displacements**

5,223

-1,857 compared to the previous month

**IDP Returnees**

1,583

+236 compared to the previous month

*This figure reflects the number of movements in June 2023, noting that individuals may have been exposed to multiple displacement, and that the reasons for moving may vary.

**Most common pulling factors for new arrivals**

- Access to shelter/shelter support: 10%
- Security situation in the assessed location: 23%
- Family ties/host community relationship: 18%
- Access to income and employment opportunities: 18%

**Most common reasons as push factors**

- Increase in rent prices: 28%
- Loss of income: 24%
- Escalation of aerial bombardment: 3%
- Anticipation of future conflict escalation: 11%

**Priority Needs (for new arrivals)**

- Food: 22%
- Livelihoods: 31%
- Shelter: 21%
- WASH: 9%
- Other: 10%
